

Innovation, Demand and Investment in Telehealth

TABLE OF CONTENTS

ACKNOWLEDGEMENTS	5
EXECUTIVE SUMMARY	9
CHAPTER 1 – BACKGROUND AND METHODOLOGY	17
CHAPTER 2 – INNOVATION IN TELEHEALTH.....	22
TECHNOLOGIES	22
INNOVATORS	26
<i>Federal and State Governments</i>	27
<i>Universities</i>	30
<i>Private Sector</i>	32
IDENTIFYING NEEDED TECHNOLOGIES	34
<i>Needs Assessment</i>	34
Approaches to Needs Assessment	37
AREAS FOR TELEHEALTH RESEARCH.....	37
<i>Homeland Security,</i> <i>Chemical/Biological/Radiological/Nuclear/Explosive (CBRN/E), and</i> <i>Public Health</i>	38
<i>Convergence of Technologies</i>	43
<i>Interoperability and Integration/Standards</i>	44
Technology	44
Policy	49
<i>Medical Simulation and Training/Health Education</i>	49
<i>Efficacy and Cost-Benefit Analysis</i>	50
Data on Efficacy and Cost/Benefits	53
DISSEMINATION OF INFORMATION AND TECHNOLOGY TRANSFER ..	54
Technology Transfer.....	55
INTELLECTUAL PROPERTY.....	56
CHAPTER 3 - DEMAND FOR TELEHEALTH TECHNOLOGIES & SERVICES	58
THE MARKET	58
<i>Estimates of Market Demand</i>	58
<i>Markets for Telehealth</i>	60
Homeland Security.....	60
Access: New Populations and Settings	63
Continuum of Care	64
Home Healthcare.....	66
Demand in International Markets.....	67
<i>Competitiveness</i>	68
BARRIERS TO MARKET DEMAND.....	70
<i>Reimbursement</i>	71
Reimbursement by Medicare	74
Reimbursement by Medicaid.....	80

Reimbursement by Private payers	82
Consumer Satisfaction.....	83
<i>State Licensure</i>	84
<i>Liability</i>	88
<i>Provider Acceptance</i>	89
Cost Considerations	91
DEMAND AGGREGATION.....	93
CHAPTER 4 – INVESTMENT IN TELEHEALTH.....	96
CURRENT INVESTMENT.....	96
National Health Technology and Information Infrastructure	99
LEVERAGING CAPITAL RESOURCES	102
Blended Funding	102
Universal Services Access Corporation (USAC).....	103
Public-Private Partnerships	103
Homeland Security Funding	104
PRIVATE INVESTMENT.....	105
Increase Demand by Increasing Access.....	105
Improve Quality and Flexibility	107
Improving Productivity and Reducing Cost.....	109
Responding to National Emergencies and Increasing Homeland Security .	111
BUSINESS MODELS	112
Business Models - Lessons Learned	113
Sustainability	114
